

BD8D2-V4

MINI POWERHOUSE

The all-new VIBE BD subwoofers are not just another set of speakers. They are powerhouses, built from the ground up to deliver bass that can truly shake your car and your senses!

From the robust 8" BD Subwoofer to its larger siblings, the 15" BD subwoofer, each one is meticulously designed to deliver exceptional performance at a price point that won't break the bank.

With a cast alloy torsion basket, up to a 3" OFC voice coil PP spider pack on the 12" and 15" models, and our smooth-sounding one peice cone, the new range of subwoofers delivers smooth and musical bass while still delivering high levels of SPL when needed. The FEMM motor, with its high gauss level, ensures precise and accurate control of the OFC voice coil, adding a touch of engineering excellence to the product. This introduction to BD subwoofers is the best bang-for-buck subwoofer we have made in Vibe to date.

ULTIMATE BASS PERFORMANCE:

Designed for output and performance in a compact frame, getting big sound from a smaller box.

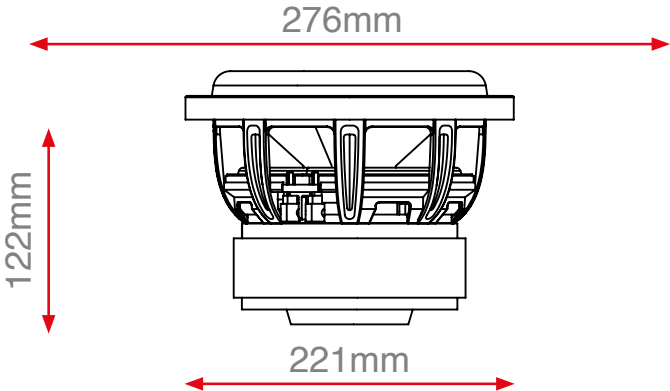

CAREFULLY ENGINEERED:

Built from the ground up to deliver, everyone should be able to get sound they need, achieving it from small subwoofers is no exception, wether its a full SPL competition build or an everyday use big bass but compact system the BD 8" subwoofer is ready for all you throw at it.

BEST DUILD:

Robust design, utilizing one peice dustcap for ultimate cone rigidity paired with high roll surround for a deep bass sound from this BD 8" subwoofer.

Model	BD8D2-V4
Type	Subwoofer
Speaker Size	8" (275mm)
Peak/RMS	800W/2400W
Sensitivity	84dB
Freq. Response	25Hz - 850Hz
Impedance	Dual 2 Ω
Mount. Depth	5.5" (138mm)
Mount. Dia	8.7" (221mm)
Grille included	No
Reccomended Encl	0.5 - 1.5cbft

8" SPL SUBWOOFER

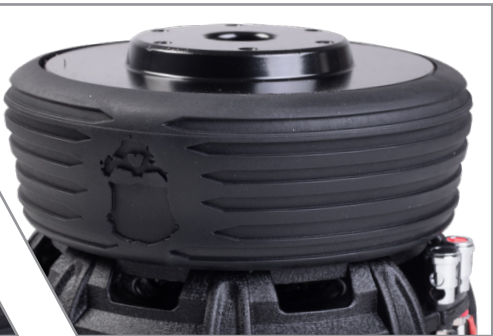

BD RANGE

Designed with enthusiasts and competitors in mind, great performance and sound with amazing reliability.

BEST DESIGN

Sharing the look of the bigger BD woofers, same one peice dustcap, magne boot and signature VIBE Design with the same design choices that make those woofers great, large terminals and great motor parts.

BEST INTERNALS

Vented magnet, large voice coil and careful designed subwoofer suspension.

SUBWOOFER EXTRAS

- Dual 2 ohm for increased wiring flexibility
- Custom BD basket for increased rigidity
- BD Styling
- Large spring terminals
- High roll surround
