

EDUPRO6/8

PRO AUDIO MIDRANGE DRIVERS

XTREME PRO AUDIO

The all new Unlimited Series Pro audio midrange drivers are the most powerful speakers ever to feature in the EDGE range.

Built from the ground up without compromise, the unlimited Series Pro Audio midrange drivers deliver all of the sound you've come to expect from EDGE, only louder!

Featuring the largest motor of any pro audio midrange, the unlimited series delivers world beating quality and ultra high efficiency of up to 100dB

The massive 48oz magnets puts some subwoofers to shame and drives the Unlimited Series Pro audio drivers to insane volume levels while keeping rock solid control of the cone and moving parts.

For those looking for the ultimate pro audio speakers, you've just found them.

Model	EDUPRO6-E3	EDUPRO8-E3
Type	Pro Audio Midwoofer	Pro Audio Midwoofer
Speaker Size	6.5" (168mm)	8" (208mm)
RMS Power	400 watts	450 watts
Peak Power	800 watts	900 watts
Sensitivity	99dB	100dB
Frequency Response	110Hz - 12kHz	80Hz - 9.5kHz
Impedance	4 Ohms	4 Ohms
Mounting Depth	2.6" (70mm)	3.4" (86mm)
Mounting Diameter	5.7" (145mm)	7.2" (182mm)

BEST SPL - High efficiency Pro audio midrange with extreme levels of SPL for perfect pairing any EDGE Pro audio tweeter

HIGH EFFICIENCY - At 99dB sensitivity these midrange drivers deliver massively levels of SPL without any waste of power,

CLEAR SOUND - Designed with a wide bandwidth in mind the Unlimited mids deliver clear and detailed sound all the way to 10Khz allowing your added tweeters to top up the high end where they perform best.

BEST POWER - Our most powerful ever pro audio midrange at up to 450 watts RMS! Huge power means huge performance, these are truly the loudest speakers we have every designed!

PRO AUDIO DRIVER

Pro audio driver is designed specifically for high output in SPL and competition audio systems.

TORSION BASKET

Angular torsion basket supports the huge motor system and the moving parts of the speaker.

PAPER COMPOSITE CONE

The cone material is derived from a composition of paper pulps, this gives great dampening as well as high efficiency and high levels of SPL

DUAL ROLL CLOTH SURROUND

Dual roll cloth surround helps deliver crisp loud audio with high levels of SPL

FEMM MOTOR

Huge 48oz FEMM ferrite magnet provides extreme motor force for high SPL applications.

SPADE TERMINAL

Spade terminal allows fast and easy installation using secure connectors.
