

VEGA SERIES UNDERSEAT ENCLOSURES

VR10

10" Vega Series Active Slim Subwoofer Enclosure

ONE SHEET

Upgrade your vehicle's sound system with the Cerwin-Vega VR10 VEGA Series 10-inch Active Slim Subwoofer Enclosure, the ultimate all-in-one bass solution designed for powerful performance without sacrificing space. Engineered for cars, trucks, and SUVs, this compact powered subwoofer delivers deep, impactful bass while fitting easily under seats or in tight storage areas.

The VR10 features a high-performance 10-inch subwoofer paired with a built-in amplifier, creating a complete plug-and-play system that simplifies installation. The integrated amplifier is housed within a durable cast aluminum heat-sink enclosure, ensuring efficient heat dissipation and reliable performance even during extended listening sessions. This design eliminates the need for external amplifiers, making it an ideal solution for both beginners and experienced installers.
